Renewing

Renewing a book doesn't extend your lending period. Instead, it lets you borrow the book again immediately after your current checkout expires (if there are no existing holds) or it places you on the wait list to borrow the book again as soon as possible (if there are existing holds).

Click the **Request Again** button located under the book cover on your Loans page.

Title that you've requested again will appear on your Holds page and will be automatically checked out to you as soon as they're available again.

Once you receive an email indicating the title is available, you need to go to your Loans page to download again.
